

ASMI 20TH 7-A-SIDE SOCCER TOURNAMENT

18 teams from 11 shipyards and marine companies took part in this year's 7-A-Side Soccer Tournament held on Sunday, 12 April, at Ngee Ann Polytechnic Sports Complex. The soccer enthusiasts streamed into the sports complex from as early as 7.30am to warm up for the tournament.

A total of 32 matches were scheduled for the preliminary round, played out in round robin format. The teams were divided into four groups in this round. The top two teams in each group advanced into the quarter-finals, which was played in knock-out fashion.

The weather was sunny and fine throughout the morning matches. However, thunderclouds gathered and rain started to fall in the early afternoon towards the end of the quarter-final round. Due to the heavy downpour, play was suspended giving the teams a brief respite from the non-stop pace of the tournament.

From eight teams, the field was reduced to four teams for the semi-final matches. As soon as the skies started to clear, the semi-final round commenced with *KRC 3* from Keppel Shipyard (Gul) playing against *JSL* from Jurong Shipyard, and *PPL Spartans* from PPL Shipyard playing against *KRC 4* from Keppel FELS. It had been a tiring day for the players as they fought hard for a berth in the finals, with raucous support from their band of supporters.

The final match saw *JSL* pitting against *PPL Spartans*. Both teams fought neck-to-neck and ended the game in a goalless draw at full time. The match went on to a nail-biting penalty shootout that ended with *JSL* clinching the Championship title with a score of 2-1.

Mr Ong Ban Leong, Chairman of ASMI Social and Membership Promotion Committee, presented the prizes to the Champion and runner-up teams as well as the two other semi-finalist teams. Strong sportsmanship and team camaraderie was evident throughout the tournament. Team members comprised a mix of colleagues from different organisation levels, various departments and nationalities, coming together to play their favourite game and make their companies proud. This is the 20th year that ASMI has been organising this friendly tournament.

The annual event also helped to forge friendship and built rapport among ASMI members as they meet yearly for the tournament.

ASMI 23RD BOWLING TOURNAMENT 2015

The Association held its 23rd edition of the industry's bowling tournament in Superbowl Jurong on the Sunday morning of 21 June. Bowlers streamed into the bowling alley from 8.00am with their families and supporters in tow to participate in this annual friendly competition.

29 teams from 17 shipyards and marine companies took part in the tournament this year. ASMI Honorary Treasurer Mr Freddie Woo rolled-off the first ball to kick start the tournament. Bowlers took to their lanes in the spirit of competitiveness and sportsmanship, displaying enthusiasm and eagerness to score strikes and outdo the other teams. High-fives and cheers were heard throughout the morning for strikes and spares attained.

After four intensive games, the results were tabulated and a prize presentation ceremony ensued. The teams from Keppel proved too strong for the competition and swept the top

three spots in the Team competition. *KRC 1* from Keppel FELS topped the tally with 3,020 pinfalls to emerge as Team Champion. *KRC 3* and *KRC 2*, both from Keppel Shipyard, followed in 1st Runner-up and 2nd Runner-up positions with 2,968 pinfalls and 2,959 pinfalls respectively.

In the Men's Individual Hi-Series category, Mr Nikolay Dimitrov Goleshov from Keppel FELS clinched the Men's Champion title with a total pinfall of 880. Mr Jon Damondamon from Keppel Shipyard took second spot with 849 pinfalls. Mr Tan Ah Sim from *The Bowlers* of Jurong Shipyard prevented a clean sweep by the Keppel teams when he came in third with 838 pinfalls.

In the Ladies' Individual Hi-Series category, Ms Azy Fu from Keppel FELS claimed the Ladies' Champion title with 767 pinfalls. Ms Arlina Cristina from Keppel Shipyard was 1st Runner-up with 711 pinfalls, followed by Ms Aion Bte Haji Mohammad Taib also from Keppel Shipyard as 2nd Runner-up with 704 pinfalls.

In the Men's Individual Hi-Game category, Mr Mohd Helmy Felany Ramlan from Keppel Shipyard captured the top spot with 278 pinfalls. Mr Nikolay Dimitrov Goleshov from Keppel FELS was 1st Runner-up with 268 pinfalls, and Mr Jon Damondamon from Keppel Shipyard was 2nd Runner-up with 257 pinfalls.

In the Ladies' Individual Hi-Game category, Ms Azy Fu from Keppel FELS scored with her high game of 202 pinfalls. Ms Aion and Ms Arlina Cristina from Keppel Shipyard was second and third with their high game scores of 199 pinfalls and 197 pinfalls respectively.

Mr Woo was on hand to present the trophies and cash prizes to the winners. This year's prizes were sponsored by Jebsen & Jessen Offshore Pte Ltd, Keppel Offshore & Marine Ltd, Sembcorp Marine Ltd and Singapore Technologies Marine Ltd.

SCHOLARSHIP TALK FOR Ngee ANN POLYTECHNIC STUDENTS

A Career cum Scholarship Talk was held for first year students enrolled in the Marine and Offshore Technology (MOT) diploma course in Ngee Ann Polytechnic on 15 May 2015. The talk was meant to be an informative session for the students to learn more about the marine & offshore engineering industry, its career opportunities and scholarships.

ASMI started the presentation with an overview of the industry, followed by information on the two ASMI scholarships available to MOT students. These are the *ASMI Scholarship* and *ASMI-Marine and Offshore Technology Scholarship*. The scholarships are sponsored by DDW-PaxOcean Shipyard, Keppel Offshore and Marine, Sembcorp Marine and Singapore Technologies Marine.

The *ASMI Scholarship* is targeted at students enrolled in diploma courses in MOT, mechanical engineering, electrical engineering and mechatronics engineering. It is valued at S\$5,000 per annum and comes with one year of bond for each year of award. Some 455 ASMI Scholarships have been presented to students in both Ngee Ann Polytechnic and Singapore Polytechnic to date.

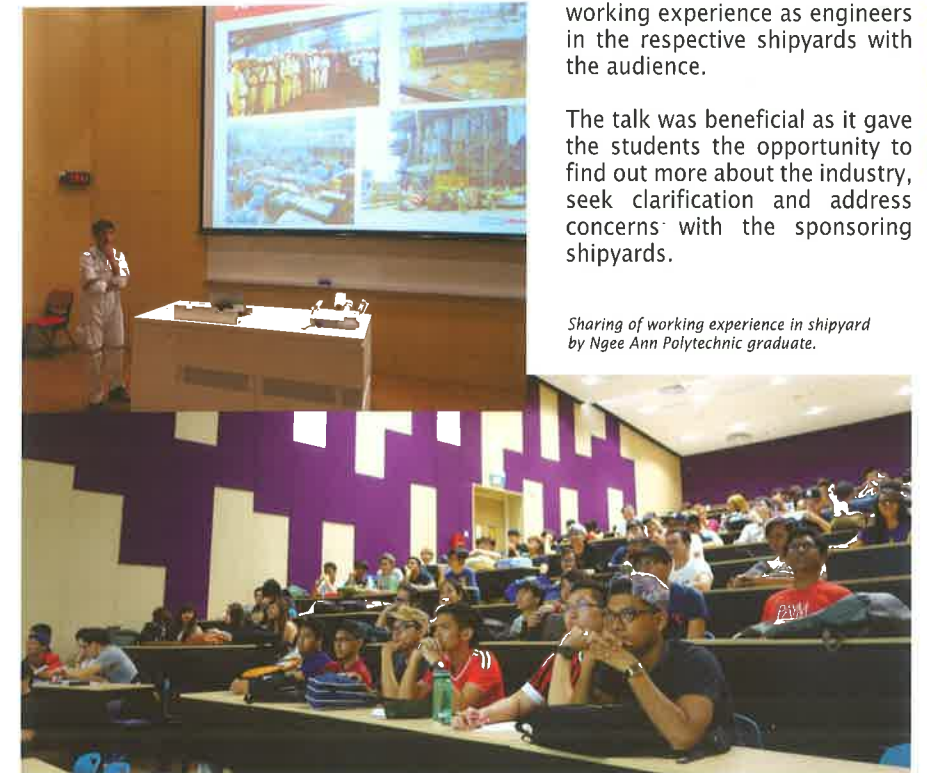

The *ASMI-MOT Scholarship* is targeted at first year students enrolled in MOT

course. This scholarship is valued at S\$10,000 per annum and comes with a three-year bond. A total of 77 ASMI-MOT Scholarships have been awarded to date.

The sponsoring shipyards took turns to present their corporate portfolios to the 90 students in attendance at the talk. Current employees who were graduates of Ngee Ann Polytechnic's MOT course were also present to share their working experience as engineers in the respective shipyards with the audience.

The talk was beneficial as it gave the students the opportunity to find out more about the industry, seek clarification and address concerns with the sponsoring shipyards.

ASMI SCHOLARSHIP SCHEMES

ASMI has been offering scholarships collectively as an industry since 1987 to attract young talents to join the marine and offshore industry. The ASMI Scholarship scheme, which started with then School of Engineering in Ngee Ann Polytechnic, had since been expanded to accept students taking the marine engineering and other relevant engineering courses in post-secondary and tertiary institutions such as the Institute of Technical Education, Singapore Polytechnic, Nanyang Technological University, Newcastle University (UK) and Singapore Institute of Technology.

Currently, there are a total of eight scholarship schemes available at the technical certificate, diploma and degree levels. The scholarship awards are valued between S\$5,000 per annum to \$49,250 per annum. The scholarships come with a one to three-year bond with the sponsoring companies.

Scholarship recipients are required to meet a set of stringent selection criteria including good academic results and co-curricular activities as well as leadership potential. They are required to serve a

bond upon graduation and completion of National Service (if applicable) with their respective sponsors.

The ASMI Scholarship Schemes have benefitted some 823 individuals since 1987. Many of them are still serving in the industry today.

The main sponsors for the ASMI Scholarships these past years are the three major shipyard groups - Keppel Offshore and Marine, Sembcorp Marine and Singapore Technologies Marine. DDW-PaxOcean Shipyard has also come onboard as sponsor for some of these scholarships.
