2. Beng Hui Marine Electrical Pte Ltd
3. Delton Marine Pte Ltd
4. Durasafe Pte Ltd
5. Griffin Group International Pte Ltd
6. KM Kinley Marketing Pte Ltd
7. Marshall Cavendish Business Information Pte Ltd
8. Modern Automation & Engineering Pte Ltd
9. Oceanic Marine Pte Ltd
10. Pacific Ship's Plants & Industries Pte Ltd
11. Scanjet Asia Pacific Pte Ltd
12. Soon Lian Hardware (Pte) Ltd
13. System Power Engineering Ent. Development Pte Ltd
14. TEHO Water & Envirotec Pte Ltd
15. TKH Engineering Pte Ltd
16. Tractors Singapore Ltd
17. Trans-Asiatic Trading Pte Ltd
18. VOSS (F.E.) Pte Ltd
19. Xin Ming Hua Pte Ltd
20. Yong Fah International Pte Ltd
21. ZF Asia Pacific Pte Ltd
22. Zicom Pte Ltd

AD TEK Pte Ltd, established in 2000, is based in Singapore. We are committed in business of equipment supply and passive fire protection system for marine & offshore, oil & gas industries in the ASEAN region.

Distributor for:

Bifold FluidPower UK - control solenoid and valves, pumps and positioners
FireSeal Sweden – A-60 & H-60 cables & pipes penetration seals
MCL Unitex UK – pipe seal and valves enclosure for A, H & jet-fire
Jelly Taiwan – cordless caulking gun
Magnalube USA – High temperature PTFE grease
Walker Filtration UK – Air filtration system
Safemate Australia – Antislip and safety steps

Our core product FireSeal sealing system provides easy installation, flexible retrofitting and cost saving for bulkhead or deck penetrations. All marine classification approval available to meet A-60 & H-60 watertight penetration sealing for cables and pipes metallic or PVC.

Beng Hui Marine Electrical Pte Ltd**Booth No: H01**

Established in 1965, Beng Hui Marine Electrical Pte Ltd is a one-stop marine and offshore electrical supplier to shipbuilding, ship repair, on-and-offshore, and oil & gas industries worldwide. We are the preferred vendor of many established clientele: ship chandlers, ship owners, ship-management companies, system integrators, shipyards and fabrication contractors.

Our comprehensive inventory and product line items from international brand partners allow us to provide a wide portfolio of premium, technically-certified electrical products such as marine & offshore cables, traditional and LED lighting systems and electrical products to all our customers. Check out our online store at www.bh-estore.com for prices, certifications, specifications, 3D drawings and payment is made easier through Paypal.

One of the highlights is our range of reliable marine and offshore LED lightings. SOP (Save Our Planet) places emphasis in the design and development of ideal LED solutions - providing green and innovative energy efficient technologies that meet demands of the harsh marine environment, allowing you to maximise your investment in operations and reducing your maintenance needed. Our value added services include total inventory management, quality component integration, MRO sourcing capabilities, price consistency during projects, technical and engineering support – complimentary lux and LED ROI calculation, and global logistics mobility.

Griffin Group International Pte Ltd**Booth No: G15**

Griffin Group International Pte Ltd is a global provider of products and services for the filtration industry. Griffin's MICROBLOC® is a revolutionary filtration technology that is used exclusively in Griffin filtration systems. It has tested to be 99.8% effective in separating water from fuel and can remove solid contaminants as small as 2 microns in size.

Griffin's ISO 9001:2008 certified factory produces die casting parts, plastic injection parts, filter elements as well as completed filters and water separator systems. Griffin's lab-tested filtration systems help save fuel, reduce maintenance costs, and prolong engine life. To better serve its customers, Griffin has developed an international distribution network and its filtration technology and support is available to customers worldwide.

Griffin fuel filter/water separators are ideal for marine engine or power plant, power generator, fuel storage polishing, automotive engine, construction/earth moving equipment, agricultural/forestry equipment, and biodiesel applications.
