

# SINGAPORE PAVILION @ GASTECH 2017

Organised by  
Association of Singapore Marine Industries

## LIST OF PARTICIPATING COMPANIES

1. Bok Seng Logistics Pte Ltd
2. CCG Cables Terminations SEA Pte Ltd
3. DFI Engineering Pte Ltd
4. Fluid Science Dynamics (S) Pte Ltd
5. FOMAS Asia Pacific Pte Ltd
6. Heatec Jietong Pte Ltd
7. Keppel Shipyard Ltd
8. Keppel Singmarine Pte Ltd
9. Marshall Cavendish Business Information Pte Ltd
10. Schulz (Far East) Pte Ltd
11. Sembcorp Marine Ltd
12. Sensitron Singapore (Sensing) Pte Ltd
13. SSB Cryogenic Equipment Pte Ltd
14. TEHO International Inc Ltd
15. Topsteel Solutions Asia Pte Ltd
16. Vector InfoTech Pte Ltd
17. Yong Fah International Pte Ltd

**Bok Seng Logistics Pte Ltd****Booth No: 16-065**

Bok Seng Logistics Pte Ltd is a trusted partner providing integrated and project logistics management services to many industries in the Southeast Asia region namely Singapore, Malaysia, Indonesia, Thailand, Cambodia, Myanmar, Brunei and Vietnam.

With a wide range of modern machineries (mobile / crawler cranes, SPMT, synchronised jacking systems, tugs and barges), well equipped yard facilities with private jetty and supported by a team of in-house engineers, Bok Seng Logistics is capable of providing efficient customised solutions for client's project requirements and also ensure a seamless job execution.

From intermodal transportation and warehousing to handling of large-scale complex logistics projects, Bok Seng Logistics renders a comprehensive offering unlike any other service providers in the region.

Fluid Science Dynamics (S) Pte Ltd (FSD) is an independent provider of rotating equipment products and solutions for clients in the oil & gas, petrochemical and power generations industries.

FSD has strategic investments in the following leading companies:

In China:

- NEWJCM Machinery Manufacture Co Ltd - compressor/mechanical drive steam turbine
- NEBOT Fluid Science Dynamics  
Dry gas seal and control systems, hydro-dynamic bearing, magnetic bearing and high performance coupling that form the basic building block for compressor shaft-line solutions

In United Kingdom:

- QFX Limited Turbo Booster – new gas conditioning technology.

**FOMAS Asia Pacific Pte Ltd****Booth No: 16-055**

FOMAS Asia Pacific Pte Ltd, is part of the FOMAS Group that manufactures open die forgings and seamless rolled rings, in any type of steel and non-ferrous alloys for the oil & gas sector:

- Upstream
- Downstream
- Process equipment.

Our decades of experience in the manufacturing of industrial components have made us an essential partner to our clients. Our network of ten production sites, strategically located across the globe (from America to Asia), allows the delivery of high integrity forgings to all our customers' worldwide locations with excellent lead times. FOMAS provides turnkey solutions: forged, roughly machined, fully machined, cladmed pre-assembled.

Forgings: max. diameter (5,500 mm), max. length (18,000 mm), max. ingot (125 tons ESR equivalent to 170 tons conventional ingot)

Rings: max. ring diameter (7,000 mm), max. ring height (1,200 mm), max. ring weight (15 tons)

The Schulz Group of Companies is the preferred provider of complete piping solutions consisting of pipes, fittings, flanges and other piping components in the offshore, subsea and nuclear industries.

Continuous expansion of manufacturing capacity and diversification of products has turned a 1940's Krefeld, Germany established, stainless steel fitting specialist into a successful group of companies.

This includes a state-of-the-art manufacturing plant in the USA called Schulz Xtruded Products (SXP) in Tunica, Mississippi. This 400,000m<sup>2</sup> plant will be able to produce seamless pipes from 8" up to 24" and a maximum total length of 16m. The capacity is planned for 20,000 tons a year.

Schulz (Far East) Pte Ltd is one of Schulz Group's earliest branches. With representative offices in Jakarta & Beijing.

We are serving clientele providing full packages of stainless steel, Duplex and high nickel alloy piping components in countries including Singapore, Malaysia, Thailand, Indonesia, Vietnam, Brunei, China, Taiwan and Japan.

SSB Cryogenic Equipment Pte Ltd (SSBCE), a subsidiary of Sing Swee Bee Group, is the largest T75 ISO tank lessor in Southeast Asia. We focus on providing transportation and distribution solutions, as well as the supply of cryogenic bulk liquids (Ethylene, Ammonia, LIN, LOX, LAR, LCO2, LN2O, LNG, LPG, etc.) to the gas and marine industry within the region.

SSB Cryogenic Services, a subsidiary of SSBCE, specialises in a wide range of cryogenic, marine and project solutions, notably in the field of purging, non-destructive testing, and last but not foremost, turnkey projects solutions. Being the only Singapore Company (1 of 5 companies in the world) certified to render LNG membrane Global Test for GTT's cargo containment system, we further enhance our business capabilities by incorporating non-destructive testing with the retrofit and repair works for LNG membrane vessels in Southeast Asia, Australia and New Zealand. We have also expanded our portfolio into the provision and construction of small-scale LNG membrane vessels. Not only we can bring in the engineering technology, expertise and experience in LNG membrane construction to this region, but also allowing us to move up the value chain and enhance our ability to provide small-scale LNG supply chain solutions to our customers.
