Palmarine Overseas Services Pte Ltd was established in 1994 in Singapore to further promote and establish the brand for the worldwide markets. The "PALMARINE" brand was established in Australia in 1961.

Our initial products range from steering systems, electric engine telegraphs, propeller shaft tachometer systems. As of now, we have introduced a wider range of products such as windlasses, mooring winches, capstans, derrick winches, bow thrusters, high-lift rudders, compressors, etc. Our products meet the stringent standard of the various ships' classifications. We have achieved ISO standard since September 2016.
