Hoerbiger KT Asia Services Pte Ltd**Booth No: 7617**

Reliability, profitability and safety play a vital role wherever compressors or diesel and gas engines are used. Hoerbiger KT Asia Services Pte Ltd, part of the Hoerbiger Group, has made its business to decisively support its customers with high quality and comprehensive product portfolio for present and future challenges.

Engineering competence, years of experience and tailor-made solutions make Hoerbiger a reliable partner in compression technology. Hoerbiger's core competencies include customer specific design, engineering, production and service of highly stressed key components in compressors and special products for safety of gas and diesel engines. These include compressor valves, sealing systems (rings and packings), control and monitoring systems, safety technology (explosion relief valves and check valves).

In the industries:

- Oil, gas and chemistry
- Air and technical gases
- Compressor and engine construction
