

SINGAPORE PAVILION @ OIL & GAS INDONESIA 2017

**Organised by
Association of Singapore Marine Industries**

LIST OF PARTICIPATING COMPANIES

1. Ann Aik Pte Ltd
2. Aste Global Pte Ltd
3. Azen Manufacturing Pte Ltd
4. Boerger Pumps Asia Pte Ltd
5. Duprex Offshore Pte Ltd
6. Flemings Safety Pte Ltd
7. Fluid Science Dynamics (S) Pte Ltd
8. Hydratech Industries Pte Ltd
9. KM Kinley Marketing Pte Ltd
10. Lead Management Engineering & Construction Pte Ltd
11. Yong Fah International Pte Ltd

Ann Aik Pte Ltd**Booth No: 4417**

Ann Aik Pte Ltd is a wholly owned subsidiary of ANNAIK Limited listed on Singapore Stock Exchange in 2003. Founded in 1997 for sale of general hardware products. Ann Aik's principal activities are:-

- Distribution and trading of steel pipes, flanges, butt-weld fittings, high pressure forged fittings, valve, lap-joints and etc with more than 10,000 SKUs.
- Manufacturing of steel flanges under SHINSEI brand name and is also an OEM manufacturer for other approved brands in the world.
- Manufacturing of high quality valves and flow control devices for markets in the Asia Pacific region and around the world.
- Provision of environmental solutions and services focusing on build, operate and transfer (BOT) industrial wastewater treatment plants in China.

Aste Global**Booth No: 4403**

Incorporated in 1996, Aste Global Pte Ltd is the leading supplier for a wide range of marine and offshore products in the region. Our primary objective is to serve ship chandlers, focusing on the supply of packing and jointing. Over the years, Aste Global has increased its product range and service offerings to meet the changing market demands, and to provide for the increasing number of vessels calling in the Port of Singapore.

To date, we serve almost 95% of ship chandlers in Singapore and have successfully expanded our services to various industrial suppliers, hardware ships, oil rigs and marine engineering companies. In order to provide better services and quality products to ship chandlers worldwide, we have extended our global reach with the opening of overseas offices in Rotterdam and Shanghai.

Boerger Pumps Asia Pte Ltd**Booth No: 4416**

Boerger GmbH is a world's leading German manufacturer of rotary lobe pumps and macerating technologies since 1975. Global offices and representations have been established in around 70 countries to date, with Boerger Pumps Asia Pte Ltd as the regional headquarter in Asia.

With pumping volumes up to 1,500m³/h in 25 pump sizes, Boerger Pumps provide a wide selection catered for various industries with customizable solutions. The ability to customize the Boerger Pump and tailor it for each scenario allows us to build the optimal rotary lobe pump for almost any application. With our newly launched ONIXline and developed state-of-the-art rotors – its advanced geometry with flow-optimized pump casing ensures the best efficiency even with pressures of up to 16 bar. Macerating technologies includes the Multicrusher, Multichopper and Rotorrake, providing efficient chopping operations, ensuring downstream machines and pumps operate smoothly.

Our exclusive Boerger MIP-Design (Maintenance in Place) is a unique advantage to minimize downtime and maintenance, allowing quick and convenient replacement of all fluid wetted parts without removal of pipes, drives or other components of the pump unit – quick, uncomplicated, inexpensive.

Fluid Science Dynamics (S) Pte Ltd**Booth No: 4404**

Fluid Science Dynamics (S) Pte Ltd (FSD) is an independent provider of rotating equipment products and solutions for clients in the oil & gas, petrochemical and power generations industries.

FSD has strategic investments in the following leading companies:

In China: NEWJCM Machinery Manufacture Co Ltd - compressor/mechanical drive steam turbine

NEBOT Fluid Science Dynamics

Dry gas seal and control systems, hydro-dynamic bearing, magnetic bearing and high performance coupling that form the basic building block for compressor shaft-line solutions

In United Kingdom: 3S Fluid Science Dynamics Aberdeen Turbo Booster – new gas conditioning technology.

In The Netherlands: TM Filters - high end filter solutions

Hydratech Industries Pte Ltd**Booth No: 4408**

Hydratech Industries Pte Ltd is your one-stop partner for all your high pressure needs. We pride ourselves to be high pressure specialists, engineering countless gas and hydraulic solutions for performing high pressure testing, flushing, control and actuation. Our unique capability is being able to customize solutions specific to clients' requirements. Through thorough analysis, detailed design, professional in-house engineering, we only deliver the highest quality solution.

We are the distributor of several prominent brands such as Haskel, Butech, HIP, HTG, Stewarts USA, TechCal and more in Singapore and around Southeast Asia. We do have a wide range of pumps, gas boosters, valves, fittings, tubings, chart recorders, quick disconnect couplings, gauges and many more. We provide detailed consultation before recommending the right product to our clients.

Our workshop and work processes are ISO 9001 certified. We are also certified for OHS AS 18001 and bizSAFE Level Star. This is the quality and reliability assurance we give to our clients.
