

SINGAPORE PAVILION @ OFFSHORE TECHNOLOGY CONFERENCE ASIA 2020

Organised by
Association of Singapore Marine Industries

LIST OF PARTICIPATING COMPANIES

1. Best Technology Pte Ltd
2. Derrick Solutions International Pte Ltd
3. Franklin Offshore International Pte Ltd
4. KM Kinley Marketing Pte Ltd
5. One Offshore Pte Ltd
6. OSS Services Pte Ltd
7. Sea Hercules Cranes Pte Ltd
8. TBH Industrial & Marine Pte Ltd
9. Technology Centre for Offshore and Marine, Singapore Ltd
10. Uniclumb Services Pte Ltd
11. Yong Fah International Pte Ltd

Best Technology Pte Ltd**Booth No: B402**

Best Technology Pte Ltd is one of the market leaders in the field of Ancloz Flexible Jacketing System, for fire protection, acoustic and personal protection. We provide complete design, supply and installation of the jacketing system. The Ancloz jackets are designed to meet the most demanding specifications, with creativity, simple installation, lightweight and minimum section for ease of future dismantling and installation.

The Ancloz jackets are tested to UL 1709/Jet-fire/Hydrocarbon fire scenario, with classification approvals from Lloyds, DNV and UL.

One Offshore Pte Ltd**Booth No: B408**

One Offshore Pte Ltd designs and builds specialized subsea installation equipment for installing flexibles (eg. subsea umbilicals, risers, flowlines) and cables, for laying single/double-joint/coiled rigid pipe, for installing FPSO turret/spread moorings, and for subsea launch and recovery.

With in-house capabilities in machine structures, electric and hydraulic drives, PLC controls, instrumentation and mechanical disciplines, One Offshore provides bespoke project equipment solutions. Some of these equipment are also available for rental. Equipment in the company's wide range of products include portable lay systems, tensioners, reel drives, carousels, winches and compensators, pipe lay systems and LARS systems.

Based in Singapore, One Offshore offers equipment of first world standards at Asian prices, using field proven machine philosophies, technologies and components.

Sea Hercules Cranes Pte Ltd**Booth No: B407**

Sea Hercules Cranes Pte Ltd (SHC) was incorporated in 1971 and is a wholly-owned subsidiary of Sea Deep Shipyard Pte Ltd (SDSPL) which in turn is a wholly-owned subsidiary of Baker Technology Limited, an SGX mainboard listed company.

SHC has a proven track record of delivering 261 of our proprietary design offshore cranes since 1980. Our significant milestones include delivering 39 units in 1981, 24 units in 2007 and on average 6 cranes delivered a year to rigs owned by drilling companies such as Shelf Drilling, Maersk Drilling, ADNOC Drilling, Arabian Drilling Company, Seadrill, Transocean, Perisai and many more.

The SDSPL Group fabricates and designs various components such as offshore pedestal cranes for offshore platforms, skidding system, winches and raw water tower elevating systems. We also provide crane maintenance, repair and certification services for our cranes by a group of dedicated service technicians to be deployed globally.

Our mission is to be a leading provider of specialised equipment and services to the oil and gas sector, offering innovative solutions, robust products and cost effectiveness while ensuring high standard of quality for the diverse and specific needs of our customers.

Uniclimb Services Pte Ltd**Booth No: B403**

Uniclimb Services Pte Ltd is a Singapore-based company specialising in rope access work for rig building (one-stop shop that includes electrical, welding, installation and inspection), NDT inspection, servicing, and maintenance. We mainly service the marine and offshore, oil and gas, civil construction and structural maintenance industries, with offices in Myanmar and Azerbaijan. In short, people call us the "Spiderman" of the oil and gas industry!

On top of offering rope access services, we have started offering visual inspection services for pipelines since 2017. This has been well received. Despite having a lean team, we understand the urgency of our clients' situations. Hence, we make it a point to be available 24/7, and will respond to any queries swiftly. We take the safety of our team members seriously. All members will go through the required safety courses, and there will always be a senior accompanying new staff.

Uniclimb Services strives to arrange, provide and maintain a safe work system for all employees and contractors, while continuously improving our performance in terms of excellent quality, prompt service, and competitive prices.
